

DAAS/Felton Resource Event Managing Transitions and Mining for Resources:

Discharge Planning from Hospital to Home

Tuesday
February 21st 2012
1:00 PM - 4:00 PM
835 Market Street

This resource event will offer solution-focused and concrete ways to help you find and connect clients to important resources available in San Francisco. This resource event is designed to educate care providers on a variety of issues concerning successful transitions for older adults and adults with disabilities. Attendees will walk away from this event with an understanding of the five things that create a successful discharge and best practices in following a client from acute care to discharge. In addition to valuable resources, we will also be offering a raffle with exciting prizes. Please join us for this fun and engaging opportunity!

Your RSVP is greatly appreciated
Please RSVP by February 15th, 2012
